Bubacarr our man in The Gambia

Bubacarr A. Baldeh has over five years of experience in non-profit sector and studied management at the Management Development Institute (MDI) leading to Diploma in Management.

Since 2007 Bubacarr is working at the Gambia Medical and Dental Council (GMDC) first as an Administrative Assistant and is currently holding the post of Administration officer. So all of the ATS volunteers have dealt with Bubacarr both in the field and at his office.

Furthermore, Bubacarr has been working with different NGOs in the Gambia in the past five years, holding different positions, organized and participated in many youth activities, concern with problems facing youths, environment and the health sector, he participate in many different conferences on issues of health and youths in the Gambia and beyond.

During the year 2008/2009 Bubacarr study oral health at Afrikaada The Gambia with the practical being held at schools and communities in The Gambia and Senegal where free oral health services were offered to children.. His engagement with this group also includes the administration hence that was my daily activity with the GMDC with a verse experience.

Bubacarr is a member of Youth Consortium for Progress: YCP Scholar: Participant in the YCP Leadership Training Program engages in discussion about development, innovation and issues affecting youth across Africa. Empowering African youths in the program sharing his experiences from Gambia Medical and Dental Council and Afrikaada Gambia and ending his expertise to younger people when needed.

Let's join hands for a better future!!!!

"In the school of experience the lesson comes after a test"

Information for donors living in Sweden

Vill du bidra med ett ekonomisk bidrag direkte till +fluoride projektet kan du nu göra det via vårt 90-konto hos Gambiagrupperna.

OBS vid inbetalning måste du **ange projekt numrerat 9036**

Plusgiro 900238-7

Bankgiro 900-2387

Oral health for everyone

Thank you

Thanks to **Lidbergs Grafiska AB** for donating all of the patients records we need for the +fluoride project

And Thanks to **The Swedish dental journal** for publishing this add for free in the 9th edition of 2013.

Vill du göra skillnad?

Nu startar projektet " + fluoride" i Soma, Gambia, ett land med stora munhälsobehov. Du kan bidra både finansiellt eller som volontär.

" + fluoride", är ett tandhälsoprogram där saltet i skolmaten byts ut till fluorsalt. Fluorsalt har vid tidigare försök gett betydande kariesreduktion. För att få bestående effekter, ingår att undervisa de vuxna som finns i barnens vardag, om betydelsen av kost och god munhygien. Cirka 6 000 barn kommer att omfattas av projektet.

Stöd oss

Afrikaada TeethSavers (ATS) org. nr 802436-6448.

Stöd ekonomiskt: Plusgiro 900238-7 eller bankgiro 900-2387

Ange projektnummer 9036.
